MAYA CHEN

SAMPLE RESUME

SENIOR PRODUCT DESIGNER

Brooklyn, NY | maya.chen@demo.talent | 7+ years experience

PROFILE

Product designer focused on accessible, research-led experiences. Experienced in bringing complex workflows from early discovery through launch, partnering closely with research, product, and engineering teams.

CORE STRENGTHS

Product strategy | UX research | Prototyping | Design systems
Accessibility | Workshop facilitation | Cross-functional leadership

EXPERIENCE

Senior Product Designer

Northstar Studio | 2022-Present

- Leads design from discovery to launch for core product workflows.
- Partners with research and engineering to test and refine solutions.
- Contributes reusable patterns to a growing design system.

Product Designer

Harborline | 2019-2022

- Simplified onboarding through customer interviews and usability testing.
- Worked with product and engineering to improve self-service tools.
- Presented concepts and design rationale to cross-functional partners.

MAYA CHEN

SENIOR PRODUCT DESIGNER | BROOKLYN, NY

SELECTED PROJECT WORK

Accessible workflow redesign

Northstar Studio | Product design

Mapped a complex multi-step workflow, identified usability barriers with research, and partnered with engineering to deliver a clearer, more accessible experience.

Customer onboarding improvements

Harborline | Product design

Used customer interviews and usability sessions to clarify first-run experiences and help customers find the right self-service tools.

EDUCATION

BFA, Communication Design

Parsons School of Design | 2019
